Ultra portable rechargeable speaker with integrated carabiner

## Best-in-class sound that goes wherever you go.

The JBL Clip is the ultra-light, ultra-rugged, and ultra-powerful portable speaker. This powerful little box gives you 5 hours of battery power so you can take the music with you wherever you go, plus you can plug it in easily to any portable device using its 3.5mm integrated audio cable, but you can play it wirelessly too using its Bluetooth® functionality, streaming your music with no strings or cables attached or talking with your friends using its hands-free speakerphone function. But where the JBL Clip truly earns its name is its built-in carabiner, letting you hook it easily to whatever clothes you're wearing or backpack you're shouldering. On-the-go listeners, listen up: here's a portable speaker that keeps pace with whatever pace you set.

## Features

- ▶ Ready-to-wear audio with integrated carabiner
- ▶ Ultra-compact high-performance audio
- ▶ Stream music wirelessly via Bluetooth®

# Clip

Ultra portable rechargeable speaker with integrated carabiner

## Ready-to-wear audio with integrated carabiner

With a rugged carabiner designed to hook onto your clothes, your backpack, or messenger bag, the JBL Clip keeps on-the-go pace with however fast you're going. The rugged make of the Clip also lends itself to resisting wear-and-tear while moving quickly: the portable speaker's protected by durable material with double injection housing that allows it to land safely and softly – even when it gets tossed into your backpack a little too roughly.

## Ultra-compact high-performance audio

The JBL Clip is small in stature but big in sound. With high performance compact driver the Clip can deliver your music as loud and clear as you needed, wherever you take it.

## Stream Bluetooth® music and calls wirelessly and accurately

Stream your music or make a phone call – wirelessly – with the Clips built-in Bluetooth®. It's easy to set up and you can stream wirelessly from any tablet or smartphone.

## 5-hour rechargeable battery life

The Clip's rechargeable wireless battery lets you play it strong for 5 hours straight – so your music can go as long and as far as you do.
